Hi Ehud

It seems there is interest in many of the companies our friends from Shanghai met.

Dear Prof. Goldwasser,

Last week, Mr. Barak came to see us in Shanghai. Dr. Mianheng Jiang and Mr. Barak had a conversation regarding the future collaboration between SAIL and EBG. Looking forward to the draft MOU and a further discussion about the collaboration.

Meanwhile, we are studying on the first batch of projects we visited in our stay in Israel. We have contacted with some of our portfolio companies or funds. Some of them would like to have better knowledge of the projects. However, it may be difficult to get to the resources of some projects through open access. So, if possible, could you please kindly send us the PPT presentation files of these companies?

It is not necessary to send us after getting all the files. Please send us the files you already have, and we can wait for others after you get them in different times.

The list of projects is:

1. Zebra-Med
2. MedyMatch
3. Medisafe
4. RescueDose
5. V-wave
6. BioControl
7. Ornim Medical
8. Headsense
9. Check-cap Ltd.
10. Orpheus Medical
11. GeneFron
12. Nyxoah

We have got better knowledge about other companies.

Thank you very much!
Hope to meet you soon.

With Best Regards,

Yun Jiang

Dear Dr Jiang

Thank you for your kind and warm letter.

It was a pleasure to host your team during your stay in Israel and to get to know you better.

We will be glad to send you more materials about the companies you met in Israel. It would be very helpful if you could let us know which of the companies interested you more than others. This will allow us to approach these companies with your request as well as give us an indication what type of companies you may be more interested in, in the future.

As to Nano Dimension, I gladly introduced you to this company, however it is not a life science company and therefore not in the portfolio Mr Barak and I are working on for you. Nano Dimension is a company I am invested in and I am glad of your great interest in it. I understand that Mr. Shrem will meet with your president Mr. Cia and with Mr Sun this coming Saturday in Shanghai. I am attaching to this letter a presentation I received from Mr. Amit Dror the CEO of Nano Dimension. Please let me know if you or Ms. Man YanWei need any other assistance in this matter.

I too am looking forward to seeing you again and hopefully to work with you on this exciting project. We will soon send you the MOU Mr. Cai suggested to Mr. Barak that we send.

Best Regards,

Benad
